

Study Smarter, Not Harder

Is your child unsure of how or when to begin studying for the big test? Are they having difficulty with taking effective notes? Do they struggle managing their time and planning for long-term assignments? If you answered yes to any of these questions, then your student could benefit from the **Crabapple Tutoring Study Skills Program!**

Test Preparation Skills

Learn the five-day test-prep strategies for successfully studying for tests...including how to reduce test anxiety

Test Taking Strategies

Students learn and practice test-taking strategies for multiple choice, essay, matching, fill in the blank, true/false, and other types of tests.

Managing Study Time and Routines

Students learn how to prepare and use an agenda for their daily schedules and planning in advance for long-term assignments. This also includes developing sound study habits and preparing daily to-do lists that benefit students in and out of school.

Taking Notes

Students learn and practice effective lecture and textbook note-taking strategies applying these techniques to classroom work.

Remembering Information

To make the most of their study time, students learn visualization, categorization, abbreviation, and other techniques to use in remembering important information.
